

DEMANGE ACTIVE FOR A REVISION

Steps to Find New Facts Necessary.

RENNES ASSUMES ITS FORMER TRANQUILITY.

As Quiet Today as if There Had Never Been a Dreyfus Trial—Leading Paris Pro-Dreyfus Papers Say Judges Failed to Mention Period of Police Surveillance and Conditions of Prisoner's Residence After Sentence—Omission, it is Said, is Enough to Annul Verdict—Esterhazy Confident of Liberation.

Paris, Sept. 11.—[Special].—The general feeling in Paris is that the appeal for a retrial of Alfred Dreyfus will be rejected.

M. Demange is sparing the belief, however, and is hard at work preparing a direct appeal to the court of cassation, and is taking active steps in an endeavor to find new facts necessary for a revision.

The Aurora, one of the leading pro-Dreyfus papers says today that the Rennes judges did not mention the period of police surveillance of Dreyfus and the conditions of his residence after he had served his sentence. "This omission," it says, "is sufficient to annul the verdict."

"The Petit Journal says a court revision, to which appeal will be made, will not render a verdict as to the validity of the Rennes sentence before a month."

The Figaro asserts that the wife of a certain general visited the judges at the court-martial before the verdict was announced and attempted to persuade them to vote unanimously for conviction.

Thinks Dreyfus Will Be Liberated.

London, Sept. 11.—[Special].—Esterhazy in an interview today says that Dreyfus was unjustly condemned as the inevitable result of evidence collected by Gen. Mercier. Esterhazy thinks the sentence was in accordance with an understanding with the government. The whole business, he said, was a great farce and he expects that Dreyfus will soon be liberated.

The Chronicle proposes that national addresses of sympathy for Dreyfus be prepared and volunteers be sent out to obtain signatures.

Rennes Quiet; Dreyfus Calm.

Rennes, September 11.—[Special].—Rennes is as quiet today as it has been since the Dreyfus trial. Most of the troops have gone, together with the police and visitors. Dreyfus continues calm and collected. Last night he slept well.

A Concession to Dreyfus.

Paris, Sept. 11.—[Special].—It is stated that if Dreyfus is sent to the fortress at Corte, Corsica, he will be lodged as a first class prisoner and allowed to receive visits from wife and children.

Counsel Resting at Seashore.

Paris, Sept. 11.—[Special].—M. Demange and M. Labori, Dreyfus' counsel, are resting at the sea shore.

The revision documents will probably not reach Paris from Rennes before next Wednesday. Meanwhile Dreyfus will remain at Rennes.

He will not be allowed to attend the proceedings before the court revision.

Francis-Gorman Relations.

Berlin, Sept. 11.—[Special].—The government says the Rennes verdict has absolutely no effect upon the Franco-German relations. The affair is finished forever as far as Germany is concerned.

ARE STILL HOPEFUL IN LONDON.

Belief That Dreyfus Will Yet Have a Chance to Escape Prison.

the judges were unwilling to punish Dreyfus with the same rigor as did the former court-martial, since the evidence had revealed that Esterhazy was his accomplice, and this accomplice had unjustly escaped all punishment. The same article declares that the verdict reflects dignity and credit on France, although it is to be expected that the Dreyfusards will prove basely ungrateful for the court's clemency.

Plan to Appeal to France.

New York, Sept. 11.—Invitations have been sent out to the leading citizens and clergy of the city, irrespective of race and religion, to take part in the great Dreyfus protest meeting which will be held this week in Cooper Union. At this meeting will be appointed a committee of men of high standing in the financial, political and religious world, who will go to Washington and ask the president to make a personal appeal to President Loubet of France for justice for Capt. Dreyfus.

Anti-Semitic Organs Jubilant.

Vienna, Sept. 11.—The anti-Semitic organs of Vienna are jubilant over what they call a "victory over Judaism," but the leading journals cry their indignation through columns of editions. The news of the condemnation of Capt. Dreyfus caused intense excitement and bitter wrath among all classes, for up to the very moment of the announcement the belief here was all but universal—and had been for weeks back—that the court-martial would acquit.

Denounced in Belgium and Holland.

Antwerp, Sept. 11.—Belgium and Holland stand together in the view, the majority of their citizens take of the sentence of the Dreyfus court-martial. The Antwerp press is unanimous in considering the recommendation fatal alike to France and to the exposition of 1900. The Dutch press likewise deplores the flagrant injustice of the verdict.

Astounds All of Switzerland.

Berne, Sept. 11.—The Dreyfus decision astounds Switzerland. The people of Switzerland generally believe Capt. Dreyfus innocent.

CONVICTED BY MULHOUSE VISIT.

Was the Turning Point in the Dreyfus Trial at Rennes.

Rennes, Sept. 10.—It was the Mulhouse incident that caused the conviction of Dreyfus. This was one trifling point against him which he could not explain. His unfortunate equipment and insufficient excuse gave to the hostile majority among the judges the opportunity they wanted.

Dreyfus, an officer of the French headquarters staff, was in Mulhouse at the time of the German maneuvers. He even went there secretly, without permission, which it was his duty to obtain from his chief of staff. He swore in his evidence at one time that he did not leave the house at Mulhouse. At another time he admitted having ridden past a field in which the German troops were maneuvering. Throughout the whole French army it is known that Dreyfus could not have been at Mulhouse at the time of the German maneuvers without the knowledge and consent of the German authorities. He, however, had not taken out a passport. In other words, a French officer in a highly confidential position pretends to go to Switzerland and then goes secretly to Alsace without permission or passport, and is not molested at all by the Germans. This seems suspicious, and this is the main ground in a case of wholly presumptive evidence on which he was found guilty.

A strong effort will be made for pardon. Mathieu Dreyfus says influential signatures to a petition have been promised, since Germany is establishing the fact that Dreyfus is absolutely innocent, so far as Germany is concerned. Five of the judges also will sign the petition, Mathieu hopes, and all eventually may consent. Loubet is an extremely merciful man, so there is a strong probability that he will, sooner or later, set Dreyfus free.

SURPRISE FELT BY PARISIANS.

Verdict in the Case Has Satisfied Neither Friends Nor Enemies.

Paris, Sept. 11.—The surprise that swept over Paris Saturday afternoon when the city knew the nature of the Rennes verdict was written on every face. Revisionists and anti-revisionists alike seemed stupefied. They would not, could not, give credence to the report that Capt. Dreyfus again had been found guilty till the indubitable official announcement made its appearance. When it was discovered that Dreyfus had really been found guilty the astonishment and surprise was felt on all sides was a curiously emphatic answer to the statements made in the early afternoon editions of the anti-Dreyfus papers, which affected at their last gasp to feel no doubt about the condemnation of the prisoner. A wave of bewildered conviction finally claimed everybody, though everybody asked his neighbor what could be the meaning of "extenuating circumstances" in such a case.

When members of the opposed parties could calmly converse on the matter it found neither faction was satisfied. If the Dreyfusards were defeated it was only a half defeat. On the other hand, nobody could claim that the enemies of Dreyfus had completely carried the day. Their victory, it is said, was only a tactical one.

It is claimed that it is so fast that great care has to be exercised in driving from one hole to another to prevent its continuing to the next hole. Three caddies are required to watch it in its flight and the man seeing it should have a cinch.

Two pairs are entered for the contest, Frank Fife, scratch, will play Chas. Schaller, who has a handicap of eight points. J. P. Baker with a handicap of six, will endeavor to overcome the handicap of Judge C. L. Fife, who has twelve.

ELOPING DAUGHTER LOCATED AT LAST

EAU CLAIRE COUNTY GIRL FOUND IN MINNESOTA.

William Jackson and 16 Year-Old Lizzie McCarthy Ran Away in July—Mrs. Rose Sharp's Oconto Building the Scene of Trouble—News From Badgerdom.

Eau Claire, Wis., Sept. 11.—The elopement of William Jackson and 16-year-old Lizzie McCarthy occurred July 21 last and the girl has just been found. Last summer Jackson came to Eau Claire and secured employment on the farm of Frank McCarthy in the town of Wheaton. On July 21, when Main's circus was here, Jackson, accompanied by Miss McCarthy, came to town and attended the circus. This was the last seen of the girl. The pair were traced to Mondovi and several other places; then all trace was lost. Recently Jackson came back and stopped at a farm near Wheaton. McCarthy heard of his presence, and meeting him, accused him of having enticed his daughter away. A fight ensued, wherein McCarthy was badly worsted, and Jackson immediately disappeared the second time.

Chief Higgins has worked on the case and the girl has at last been located at Austin, Minn. She will be brought back.

Started By Shooting.

Oconto, Wis., Sept. 11.—What is thought by some persons to be further evidence of efforts to persecute Mrs. Sharp and by others of a plan to create sympathy for her by creating an impression of persecution, was enacted Saturday night. About 9:30 o'clock the people in the vicinity of her newspaper office were startled by the sound of several pistol shots fired in rapid succession, and hurrying to the scene met W. F. Auger, Mrs. Sharp's foreman, minus coat and hat, with a smoking revolver in his hand. The cause of the disturbance was said to be that some one had tried to effect an entrance into the printing office with the supposed object of committing some depredation, but had been frustrated by the timely appearance of Auger with the gun. Employees of Mrs. Sharp said that while working in the press room one of the men by the name of Mathewson, heard some kicking at the door and immediately went upstairs and communicated the fact to Auger and Mrs. Sharp. Auger secured a revolver and hastened after the marauders, while Mathewson was sent for an officer. Before the officer arrived Auger had fired five shots and the depredators had got away before being recognized.

Racine Suicide Identified.

Racine, Wis., Sept. 11.—The woman who committed suicide at East park has been identified as Mrs. May Andrus, 36 years of age, wife of G. C. Andrus, carpenter living at 849 Park avenue, who called at the morgue Saturday morning and identified the body. Mr. Andrus said that his wife left home on Thursday night to visit a friend, who had a sick child, and was to remain late, and perhaps all night. He did not hear of the suicide and would not have known of it unless an ice man told him, and gave him a paper. He knew of no reason for the suicide except that he had scolded his wife the day previous.

Got Charge Himself.

Marshfield, Wis., Sept. 11.—Frank Coy, a nephew of E. E. Winch of this city, accidentally shot himself last Saturday morning in Oconto county. He had been losing chickens and upon hearing a commotion early in the morning went out in the yard with his shotgun to investigate. In going between the boards of a fence the weapon discharged, killing him instantly. The contents were received under the chin, almost blowing his head off. He had been married but two months.

The alleged infringing company has protested, and \$25,000 has been subscribed to fight the suits.

Atty. Gen. Hicks Not Responsible.

Madison, Wis., Sept. 11.—A report has been in circulation here that the delay in making the street improvements around the capital park is due to the failure of the attorney general to furnish an opinion as to whether the governor has

the power to give the city the strip of land formerly covered by the old brick sidewalk outside the park fence, which has been taken down. The fence was removed and the state and city authorities agreed upon the street being widened by the space of the old sidewalk. Atty. Gen. Hicks said he was never asked for an opinion on the question.

SITUATION THE SAME IN LONDON

Activity at War Office Continues.

GOVERNMENT WILL CARRY OUT THE ORIGINAL PLANS.

To Send a Sufficient Force to South Africa—Protect Its Interests—Officers' Admiralty Office Investigating Export Facilities—Considerable Excitement Prevails at Pretoria Over the Prospects of the Arrival at Cape Town of Large Bodies of British Troops—Boers Still Massing at Natal Frontier.

London, Sept. 11.—[Special].—Activity at the war office continues unabated. While the Transvaal situation has not changed, the government will follow out to an end the project of sending a sufficient force to South Africa to protect its enormous interests there. Officers of the admiralty office left today for the various coast towns to investigate the transport facilities and perfect arrangements for shipping the infantry, which will probably leave this week.

Excitement Prevails at Pretoria.

Pretoria, Sept. 11.—[Special].—Considerable excitement prevails at the prospect of the arrival at Cape Town of large bodies of British troops, although it is generally admitted that the arrivals are to make up for the paucity of British troops since last spring.

A paper at Johannesburg says that fifteen hundred people left the town Saturday.

A proposition to remove the stock exchange to Cape Town is under consideration.

The government is to be asked to start a relief work.

A telegram to Bloemfontein tells of the distribution of arms and the continued exodus.

The Boers are still massing on the Natal frontier.

Prayers Offered to Avoid War.

Belfast, Sept. 11.—[Special].—At a public meeting held here today, prayers were offered to avoid the war with Transvaal.

London, Sept. 11.—Dispatches from Pietermaritzburg and Pretoria represent President Kruger as prepared to recognize Great Britain's suzerainty in the Transvaal. They ascribe State Attorney Smuts' statement regarding suzerainty to an unreliable source, and this does not inspire confidence. The situation is unaltered.

A dispatch to the Daily Mail from Charlestown says that 200 men, with six guns, are forming a laager at Amestort, thirty miles north of the Natal border, which is being patrolled by armed Boers. The Zulu and Boers are flocking into the Transvaal, expecting that there will be war with Great Britain.

The Mail says it learns in London that the sending of reinforcements to Natal was prompted by a threatened Boer invasion of that colony.

War Preparations Continued.

London, Sept. 11.—It is understood that Gen. Sir Redvers Buller will start for Cape Town Saturday. The Indian authorities are chartering steamers to transport troops to South Africa as rapidly as possible.

Although the aspect of affairs is more peaceable, the special dispatches from Johannesburg report the greatest anxiety there. Fifteen hundred people left town on Saturday, and it is proposed to transfer the business of the stock exchange to Cape Town. The Johannesburg town council is appealing to the government for power to start relief works to meet the exceptional distress.

A dispatch from Bloemfontein reports the distribution of arms and a considerable exodus to Cape Colony. According to this correspondent, the Boers are massing on the frontiers and there is no statement of war preparations in the Transvaal.

War in Forty-Eight Hours.

Kingston, Jamaica, Sept. 11.—It is stated on high authority that the governor of Jamaica, Sir Augustus W. L. Hemming, has received from the home government a cablegram declaring that war with the Transvaal will be declared within forty-eight hours or else acts of war will be committed. Jamaica has already offered to place at the disposal of the government's disposal a contingent of troops, which may account for the intimation of the imminence of war being sent to Sir Augustus.

India Troops Going to Africa.

Bombay, Sept. 11.—The 4,000 British troops in India who were recently ordered to hold themselves in readiness for service in south Africa have been ordered to take ship for the cape. Twelve transports have been provided and it is expected that all the men will get away within the next five days.

BELOIT MAN BUYS A MYTHICAL FARM

G. T. HANSON VICTIMIZED BY A
SMOOTH SHARPER.

Surrenders an Interest in Wisconsin Lands Valued at \$2,000 For Property in Virginia, Which He is Unable to Locate and Probably Doesn't Exist.

G. T. Hanson, proprietor of the American Hotel in Beloit, has been victimized out of property valued at \$2,000 by a slick sharper hailing from Chicago.

The Beloit Free Press gives the following account of the sharper's method of swindling the Line City gentleman:

Up until last April Mr. Hanson held a second mortgage on a farm at Belleville, Wis., amounting to \$2,000. The first mortgage was held by A. P. Garder of Orfordville. About April 10 a stranger giving his name as J. C. Taylor came to Beloit and after many friendly visits with Mr. Hanson, began to enlarge upon the richness of Virginia farms. Mr. Hanson listened to golden stories of wealth from agricultural lands in the sunny south and soon Mr. Taylor proposed to trade Mr. Hanson a farm of 160 acres for his interest in the farm at Belleville, in which Mr. Hanson had invested \$2,000. Taylor gave the following written description of the property, which is still in Mr. Hanson's possession:

One hundred acres in Buchanan county, Virginia, about 8 miles from county seat, about 1/2 of it heavy oak and ash wood, balance in cultivation. Land lays level and dark rich loam soil. Abstract title perfect. Price \$30 per acre.

J. C. TAYLOR.

Mr. Hanson Gives up Mortgage

Mr. Hanson gave up his mortgage and was given what was alleged to be the abstract of the Virginia property. This abstract he sent to R. Walter Dotson at Dundee, Va., for transfer and record, and Mr. Dotson wrote back that it would cost twenty-five dollars. This was considered excessive by Mr. Hanson, and he refused to send the money, which brought Mr. Dotson down to fifteen dollars. Mr. Hanson sent this sum and received his deed and abstract, both of which appeared to be regular and correct.

Recently Mr. Hanson has become suspicious of the deal, however, and had his minister, Rev. Gullickson, write to a minister in Dundee, the county seat of Buchanan county who referred them to a reliable lawyer in that place. The lawyer's return letter added to Mr. Hanson's alarm, as he said that land frauds were numerous down there, and advised the Beloit gentleman to be cautious. The deed and abstract were then sent to him and he returned them with the information that there was no such land in existence.

J. B. Dowd to Take Legal Steps.

Mr. Hanson has placed the case in the hands of Joel B. Dowd, who will endeavor to straighten matters and find out if there is any such land in Buchanan county, Va., and if not, how the county recorder could issue a deed and abstract for it.

Mr. Hanson has either purchased a mythical farm or else the lawyer who looked the matter up in Dundee was careless, which is quite unlikely.

BLACK SATIN WALKING GOWN FROM HARPER'S BAZAR.

The new black gowns bid fair to outshine colored street gowns in popularity. The new extremes of severe simplicity and elaborate applied trimmings will be seen in these costumes, whether made of satin-finished cloth or of satin itself. A model of the first named variety, illustrated on this page, is made with a close sheath skirt, fitting smoothly about the hips, but with a decided spring outward in the lower part of the skirt, to which is added a flaring ruffle, smoothly applied, under a succession of rows of machine stitching. The skirt pattern, as issued, is made in two pieces, one for the upper skirt and the second for the ruffle, with lines of perforations to indicate the shape of the front and side breadths where the material employed is to be of narrow width silk. The ruffle should have an interlining of crinoline. The Eton jacket is made with stretched,

seamless back, side or under-arm gore and front, the latter fitted to the form by a single dart on each side. Large reverses—those in the original model are of plain silk with stitched edges—and small gilt buttons form the sole trimming of this garment, which meets, but does not lap down the center of the front. Here it is secured by hooks and eyes. The sleeves are smoothly fitted into the arm's eye, and fit the arm closely to the wrist, where they are trimmed with single rows of gilt buttons similar to those used for the centre front.

Fourteen yards of narrow width material, such as satin, peau de sole, bengaline, or other silk, will be required to make this costume as shown in the illustration. Of satin-faced cloth fifty-four inches wide, six and one-half yards will prove sufficient.

YOUNG PEOPLE ENJOY OUTING.

Members of Edgerton Norwegian Sunday School at Springs.

In the neighborhood of seventy-five members of the Norwegian Sunday School at Edgerton, enjoyed an outing at Crystal Springs park last Saturday. They were conveyed to the popular resort in carryalls. The contemplation of such a trip was unknown to Captain Buchholz, therefore he was not prepared and was in Janesville at the time of the arrival of the young people. He was soon notified by his son, however, and quickly returned. The steamer Columbia was soon in readiness and the visitors enjoyed a pleasant ride to this city, where the merry participants remained for nearly an hour. After their return to the springs supper was enjoyed and the jolly party returned to their homes.

FIVE BIDS FOR LAYING BRICK
OPENED SATURDAY.

A. E. Rutledge & Co. of Rockford, Ill., Are the Lowest—Their Offer For Milwaukee Street Job is \$10,882.48—Galesburg Product Decided Upon As Being the Best.

At the adjourned regular meeting of the common council to be held this evening, the contract for paving West Milwaukee street, from High street to the west end of Milwaukee, with vitrified brick, will be awarded. Five bids were opened by the street assessment committee Saturday afternoon.

Three kinds of bricks were put to a thorough test at Taylor & Morris' North River street machine shop. The samples were from Galesburg, Ill., Springfield, Ill., and Trimble, O. They were given the absorption and intact tests, after which the committee were unanimous in accepting the Purington Galesburg brick. Following are the bids of five contractors for this kind of brick:

Chris. Johnson, Oshkosh.....\$12,105.56

August Dieman, Waukesha.....11,530.35

John Martin, Oshkosh.....11,169.09

J. H. Watson, Janesville.....10,902.57

A. E. Rutledge & Co., Rockford.....10,882.48

Rockford Bid the Lowest.

It will be noticed from the above that the bid of A. E. Rutledge & Co. of Rockford, is the lowest, to whom the contract will, no doubt, be awarded this evening.

The Purington Paving Brick Co. of Galesburg, was represented by F. G. Matheson, who was in the city last Saturday in the interest of that concern. Mr. Matheson says that 225,000 brick are being turned out a day and that the number required for paving West Milwaukee street will be 400,000. As only 6,000 brick can be placed in a car, it will require sixty-seven cars to transport the material to Janesville. The superiority of their brick is evidenced by the fact that many of the leading Wisconsin cities are using it.

NEW FOOT BALL CANDIDATES

At Beloit Ten Men Are Out in Addition to Old Players.

The Beloit Free Press says: All the members of last year's foot ball team are expected to be in the line-up this year, except Childs and Clancy, and there are ten promising candidates from which to fill the vacancies.

Messrs. Ensign, Buell, Hollenbeck, Merrill, Bunge, Adkins, Allen, Slater, and Captain Hollenbeck of the old men are again to be on the team and the new men are Wheeler, Allen, Harrison, Strothers, Meadows, Pierson, McGrea, Griffith, Smith, Fenton.

Merrill and Wheeler are candidates for full back; Allen, Strothers, Meadows and Harrison will try for quarter, and a place on the end will be fought for by Pierson, McGrea, Griffith, Smith and Fenton.

Coach Hollister failed to put in appearance today and the boys were much disappointed but they expect him to come early next week.

Good Enough to Take.

The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough it is unequaled by any other. It always cures and cures quickly. For sale by People's Drug Co., corner Main and Milwaukee streets.

Her Irony.

AUTHOR OF RICHARD CARVEL

Story of the Young Man Who
Has Written the Book
of the Year.

BY SEWELL FORD.

A young man of 27 who has written what may be called "the book of the year" is certainly a personage of public interest. Such is Winston Churchill, author of "Richard Carvel."

The writer of this truly American novel which is being so widely read and talked about is new to literature. He has produced but one previous book and that of rather a light nature. But "Richard Carvel" has boosted him well up among the popular native novelists, and his fortune, if not his lasting fame, is already assured.

Mr. Churchill comes of old Puritan stock. He is descended on his father's side from John Churchill, who settled at Plymouth, Mass., in 1641, and on his mother's side from John Dwight, the founder of Dedham, Mass., and from Jonathan Edwards. Thus he is derived from good English stock long resident upon the soil, and this good blood has, moreover, proved sensitive to the fluid influences of American life. The original families scattered, of course, and Mr. Churchill's immediate relatives found their way to St. Louis, where he was born in 1871.

From Smith academy in that city he went to the Naval academy at Annapolis. Before his graduation he had made up his mind that he did not want to spend his life in the navy, that his abilities lay in the line of writing and that fiction was his vocation.

After working on The Army and Navy Journal he joined the staff of The Cosmopolitan and lived at Irvington-on-the-Hudson, working steadily on the magazine, but not continuing his experiments in fiction. He never tried to get any of his first work published, and it is not now in existence, so that he is in the rare position of a novelist who has scored a great success without having any early sins to rise up and accuse him.

While he was living at Irvington he married a wealthy young lady from

OLD 229

Took World's Fair Prize Six Years Ago, But To-day Is a "Has Been."

Poor old 229 steamed slowly into her local side track drawing a conglomeration of freight cars which constitute the "local freight," which runs between Cincinnati and Seymour, Ind. The old locomotive looked worn and rusty, and also appeared very much dissatisfied with her task. She lacked the old-time pride and bluster which marked her first days on the road, when she pulled the St. Louis flyer, and upon entering a way station, would puff and steam, while the denizens of the surrounding country stood and marveled at the "critter" with their eyes and mouths open. Old 229 is no longer the object of the amazed country boy's gaze, nor is she the pride of the road, as her days are past, and she is now compelled to take a back seat and join the ranks of the "has beens," says Cincinnati Enquirer. Other locomotives, of more modern design now pass her by without noticing the old mass of iron, and the fickle country folk come for miles to the stations and crossings, and marvel as they did when old 229 was in the zenith of her fame. The old engine lays in a side switch, giving the new one the right of way, and is unnoticed and forgotten. Each year the various railroad companies, in order to keep abreast of the times, are compelled to purchase new locomotives, as great improvements are being made every day. As the new ones come on the engines hitherto in use are compelled to be reduced in the ranks according to their age, and the last use an engine is put to before being sold for old iron is on the "local freight." It is a well-known fact in railway circles that the worst rolling stock will always be found on this run.

Poor old 229 is a sample of the triumph and advancement of American mechanism, as she is now hanging on the last edge before being deserted. When alongside one of the new crack engines or the road she is a sight, but yet just six years ago as a sample of the Baldwin locomotive works this engine took the prize at the Chicago world's fair. This engine was one of a trio that were sent there by that works, and were afterward purchased by a road running out of this city, and when first placed on the tracks she created somewhat of a furor. Old 229, her days are past, and she is now reduced and disgraced! Even her whistle lacks the bragging spirit it once possessed, and the old "iron horse," downcast and depressed, sees others who have followed in her wake whose fate will be the same as her own in a few years to come.

Vanderbilt's Neighbor.

In the center of George Vanderbilt's beautiful estate of 9,000 acres near Asheville, there is a little plot owned by an old negro, which no money can buy. Within sight of the palatial house the old man sits by his door contentedly smoking his corn-cob pipe, unmoved by entreaty or offers of fabulous sums for his log cabin. He invariably makes the same answer: "Now, look here, sah; all my life I've been bothered with bad neighbors. Dey comes home drunk an' dey smashes my fence and dey steals me bacon. Now, Col. George here, he treats me square. He leaves me bacon alone, he don't abduct me no chickens. Now, I've got a good neighbor; I've got to stick to him."—New York Telegraph.

Hollanders Smoke the Most.

The Hollanders are perhaps of all the northern people those who smoke the most. The humidity of their climate makes it almost a necessity, and the moderate cost of tobacco with them renders it accessible to all. To show how deeply rooted is the habit, it is enough to say that the boatmen of the trekschuit, the aquatic diligence of Holland, measure distances by smoking.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of poison or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.

There he is now at work on another novel. He has built for himself a little writing den, not in the attic or in some remote corner of the house, but out in the fields. Into this he retires at regular intervals and grinds away. He says he does not intend to be hurried in his work and means to take just as much pains with this book as with his first successful novel.

Mr. Churchill is a tall, athletic-looking young man of 27, with very broad shoulders, black hair and brown eyes, alive to his finger tips and manly through and through, with neither false pride nor false modesty, but with a certain grace and a delicacy of perception of which one gradually becomes aware. He is frank, genuine, companionable and straightforward.

S.S.S. For the Blood

Will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

Wants a General Trust Law.

Washington, Sept. 11.—The industrial commission Saturday heard the testimony of H. H. Rogers, president of the National Transit company, one of the branches of the Standard Oil company. He favored a national corporation law as in the interest of both the corporations and the people at large, and he thought that if the United States was to achieve its legitimate destiny as a commercial nation the constitution should be amended in this respect.

McKinley and Beveridge Differ.

Washington, Sept. 11.—Senator Beveridge of Indiana left here Saturday afternoon, after having had four long conferences with the president on the Philippine situation. Secretary Root took part in the last conference, and after it was over he and Senator Beveridge went away to New York together. It is said that the president and Senator Beveridge were not in agreement upon several of the fundamental points considered.

THE MARYLAND PLATFORM

The Chicago Times-Herald is pleased with the platform formulated by the Republicans of Maryland, saying:

With admirable vigor and directness the Republicans of Maryland have met the old and the new issues that confront the people. In state convention at Baltimore they renominated Maryland's popular governor, Loyd Lowndes, upon a platform that unequivocally declares for the gold standard and registers the unflinching faith of the republicans in the ability of the present national administration to deal with the Philippine question and other issues growing out of the war in a manner that will reflect credit upon the nation.

On the currency question the state platform contains the following declaration:

We believe in the gold standard and that all our currency should be made by law redeemable in gold coin at the option of the holder. To this faith we confidently pledge the influence and votes of the Maryland members in each house of congress.

Equally sound and sensible is the plank dealing with the question of "trusts." In this plank is embodied a rational recognition of the right of manufacturers to effect legitimate combinations for cheapening the cost of production, and while opposing anti-trust legislation that is designed for popular effect and which is in "reckless disregard of business revival after prolonged depression," the convention favored "laws to successfully suppress trusts and all combinations which create monopoly."

The platform acquires added dignity and strength when contrasted with the shifty and evasive declarations of the silver democrats. Its pronouncements are especially significant in view of the struggle which will be made for the political rehabilitation of the repudiated Gorman. Unless all signs fail the state of Maryland has swung permanently into the republican column as a result of the attempt of the silver wing of the democracy to debase the nation's currency. On this issue the state gave McKinley a plurality of 32,224, and in the following year, when no national issues were at stake, elected the republican candidate for state comptroller by 7,109. It followed this by electing a republican legislature in 1898, which retired Senator Gorman from public life. In the fifty-sixth congress it will be represented by two republican senators, four republican and two democratic representatives.

For a state that gave Cleveland a plurality of 21,130 in 1892 the drift away from democratic moorings is remarkable and can only be accounted for by the popular desire to repudiate both Bryanism and Gormanism, two issues that are buried beyond resurrection in Maryland.

Constant Reader—Uncle Sam does not expect a man to be a good rifle shot unless he wears brass buttons. Chief Hogan did not wear brass buttons when he shot at the burglar, and therefore could not be expected to hit him. If he had worn the brass buttons, and a shot gun—he would certainly have bagged his game. This, we understand, he has agreed to do in the future.

And after Oom Paul has "fit" the British, on a biblical platform; for a time, he will also take the advice offered in the good book and "turn them the other cheek."

Armour's Sarcasm.

One day a man carrying a fuzzy little poodle dog under one arm entered the office of Philip D. Armour, in Chicago, and tried to talk him into buying it. The price was exorbitant, \$200 for a useless toy poodle. Mr. Armour looked at the man, then at the dog, and back again at the man, and said: "No. The sausage business must pick up considerably before I can pay so much for small dogs. Bring around a mastiff and I'll talk to you."

WORLD AGAINST THE VERDICT

Cod

True, had been sentenced, but only to detention, and he had been found guilty of treason "with extenuating circumstances." Except unimportant manifestations in the Rue de Chabrol and one or two other places nothing approaching confusion occurred. Paris gives no signs of disquiet over the verdict. For the moment the decision of the court-martial has been accepted. Every body is waiting curiously to see what the friends of Dreyfus mean to do, and if we may believe MM. Clemenceau and Rodays, the week just opening promises "some very interesting things."

A Candid Opinion.

"They talk a heap about Paris," exclaimed Broncho Bill, contemptuously. "It seems to be a right lively town," replied Derringer Dan. "I suppose it is to any one who hasn't lived in Crimston, Gulch. But just look 'em over. They've had one mob after another and never lynched anybody, and now they're shooting firearms and never landing a slug. I tell you, for a bad town Paris is one of the worst bluffs in the geography."—Washington Star.

SCHOOLS OPEN WITH A BIG ENROLLMENT

CHILDREN RETURN TO CLASSES AFTER VACATION.

Attendance is Quite an Increase Over That of Last Year—Upwards of Twenty-five Hundred Entered—Number at High School Building is Four Hundred and Fifty.

School bells were heard in the city this morning after the usual summer vacation; the high school and ward schools opening for the work of the fall term. During the summer most of the buildings have undergone more or less renovation, while several have been improved to a considerable extent. It looks from the enrollment today that the schools will have all they can do to accommodate the number of pupils.

Very little was done today aside from the enrolling of pupils and assigning them seats. Some transfers may be found necessary in order to equalize the attendance and do away with excessive crowding at any of the schools. At the high school, the attendance is somewhat larger than it was last year, the attendance today being 450. Last year the enrollment was 420. The total enrollment in the city schools is 2,500, which is a small increase over that of last year.

Those who will teach in the high school the coming term are:

Carrie Zeininger, Gertrude Zeininger, Mary C. Holt, Harriette Holt, Emma Paulson, John Arbuthnot, A. P. Laughlin, John Dixon, Richard Egan, W. Rowell.

ANNUAL REUNION THIRD WISCONSIN

TO BE HELD HERE NEXT THURSDAY AND FRIDAY.

Great Preparations Being Made For Entertaining the Veterans of the Civil War—Address By Rev. E. H. Pence—Col. E. O. Kimberley to Sing—Regiment Won Honors.

The ninth annual reunion of the Third Wisconsin Veteran Infantry Association will be held in this city on next Thursday and Friday, Sept. 14th and 15th, and great preparations are being made for a fitting celebration of the event. The exercises and business meeting of Thursday night will be held at the court house and will be participated in only by members of the association, but a number of invitations have been issued for the Friday evening session, and the capacity of the court room will no doubt be taxed to its utmost to accommodate the crowd that will attend. At that time the annual address will be read by Rev. E. H. Pence and a vocal and instrumental program has been arranged for. Col. E. O. Kimberley, the National Soldier Singer, will render several selections and Miss Grace Bryant of Washington, will play his accompaniments.

The Third is the regiment of Thomas H. Ruger, who formerly resided in this city, and the fact will lead an additional interest to the coming reunion. Mr. Ruger is now a retired Major-General. He is at present in Europe, and is expected home within a few days and may arrive here in time to attend the gathering.

A Regiment That Won Honors.

The history of the Third Wisconsin Infantry is interesting. It was formed in 1861 and was one of the first to take the field in the defense of the nation's honor. The original enlistment was something over one thousand men, and out of that number there are but about seventy-five veterans left. The regiment came out of the war with a record surpassed by none, and has furnished two major-generals and three brigadier-generals. The association itself consists of one hundred and fifty members, and although they are pretty well scattered over the west, the majority of them will doubtless be on hand to attend the meeting.

Committees Are Working Hard.

The executive committee in charge of the arrangements consists of Colonel E. O. Kimberley, B. M. Bucklin and T. J. Dann, and they are working hard to make the affair a success. They have just received a number of elegant silk badges, attached to which is a disc bearing on the face the insignia of the First Division of the Twentieth Corps, which is a red star, while on the reverse side is the coat-of-arms of the state of Wisconsin.

The executive committee earnestly requests that the merchants of the city decorate their respective places of business on Thursday and Friday. This can easily be done with very little expense, as the most of them have bunting on hand. If for no other reason, this should be done out of respect to the veterans, as well as to our former citizen, Major-General Ruger of the association.

COULD NOT SHOW LICENSE

Local Hunters Have Experience With Game Warden Fisher

Game Warden S. D. FISHER was out on the big marsh in the town of Center yesterday, looking for chicken hunters. He came across Fred Schumacher and James A. Towle of this city, after a long hunt, and asked to see their licenses. They said they had taken them out, but had left them at home. Fisher could have arrested them both on the spot, but he came to the city to find out whether they had the truth in regard to the matter, and found out that they were all right.

This should be a lesson to all hunters and a warning that they must carry their licenses with them or suffer the consequences. A man's word is all right as far as it goes, but a game warden wants to see the license to be convinced and if the hunter cannot show it he must expect to be dragged away from his sport to have his case investigated.

SHERIFF APPLEBY MISSED HIS GAME

NEGRO WANTED IN SEVERAL NEARBY VILLAGES.

Same Individual Whom the Officer Had in His Grasp Last Thursday—At That Time, However, There Was Not Sufficient Evidence to Hold Him—Makes Second Trip.

Probably the sorest man in the city of Janesville at the present time is Sheriff Appleby. On Thursday of last week he received a telephone message to go to Johnston where a negro was reported to be terrorizing the inhabitants. He responded, but as stated in Friday evening's paper, could obtain no evidence that the fellow had committed any crime and so did not arrest him. Anybody else would have acted the same, as it would hardly be the proper thing to unload such a man on the citizens of Janesville without having some grounds for the action.

It transpires now, however, that the coon is wanted in several villages near this city, to answer to a number of burglaries, and this is the reason for the discomfiture of the sheriff. He received another telephone message Saturday afternoon, advising him that several farm houses had been entered near Johnston and that the negro had no doubt done the work. Sheriff Appleby went out at once, but upon his arrival found that the bird had flown. He left behind him at his camping place in the woods a russet leather grip and several other articles which were identified later as having been taken from the McElroy house a few nights ago. That the man is not at this time behind the bars is the fault of the people who were robbed as they did not tell Sheriff Appleby of the crimes when he was out there Thursday. If they had notified him of the fact, he would naturally have suspected the colored man and held him for an investigation.

Sheriff Appleby went out on the hunt again Sunday and drove all day without finding his man, although he traced him to Milton, where he robbed a house Friday night. It is the sheriff's opinion that the fellow is following the old territorial road to Fort Atkinson and hopes to get him yet. What makes the search so difficult is the fact that the burglar is never seen in the day time, but does all his traveling nights. That he was discovered Thursday was simply due to an accident, as he was run upon by a farmer who was searching for some lost horses in the woods. He seems to have operated extensively in the neighborhood of Delavan, and the officers have been hunting him for some time, but without success. He steals everything from canned beef to gold watches and silverware but what he does with it all is a mystery. He is a wicked looking "coon" of medium height, and broad shouldered. His face is covered with a matted, kinky beard, and his appearance is anything but prepossessing. He goes around with two revolvers, and it is suspected that he would use them on the least provocation. At his camping place was found a dark lantern, which would seem to indicate that he is a professional thief. Sheriff Appleby was out again today, and says he will keep up the hunt until he finds him.

BANDITS MAKE A GREAT HAUL.

Four desperadoes get \$40,000 from a Wells, Fargo & Co. safe.

Benson, Ariz., Sept. 11.—Four masked men held up Southern Pacific train No. 10, westbound, at Cachise station, shortly before midnight Saturday, blew open Wells, Fargo & Co.'s through money safe with dynamite, took the treasure it contained and escaped to the mountains. The robbery was the boldest of all the famous train robberies of the west. Not a shot was fired and no one received the slightest injury.

Messenger Adair refused to say how much the safe contained, but it is estimated that the sum was exceedingly large. One railroad man expressed the opinion that the strong box might have contained close to \$40,000.

The train was detained more than an hour by the robbers, and during this time the Tucson office wired Wilcox for assistance. A posse was hastily secured and left Wilcox on a special fifteen minutes after the outlaws had released the train. Arriving upon the scene, the trail was immediately taken up and followed to a point within a few miles of Wilcox, where it was lost.

One Killed and Five Hurt.

Richmond, Ind., Sept. 11.—In a collision on the Pennsylvania railway Sunday night freight brakeman Clarkson was killed and five others injured. The injured are: C. C. Jenkins, Indianapolis, freight engineer; A. F. Hicks, Indianapolis, baggage master; Warren Gip, East German town, Ind., passenger engineer; John Fugh, Indianapolis, passenger fireman; and Frank Doll, Indianapolis, passenger conductor. The collision took place on the Indianapolis division of the Pennsylvania railroad, a few miles west of here. The property loss is about \$25,000.

Otis Not to Be Recalled.

Washington, Sept. 11.—Secretary Root and Adj. Gen. Corbin unite in the emphatic statement that there is no intention to recall Gen. Otis from the Philippines, to degrade him or to divide the responsibility in the islands. They are equally earnest in the declaration that there is no thought of sending either Gen. Miles, Gen. Merritt or Gen. Brooke to the Philippines. It is explained that President McKinley has the fullest confidence in Gen. Otis, both as a military commander and as a civil administrator.

Two Deaths at Key West.

Jacksonville, Fla., Sept. 11.—Twenty-three new cases of yellow fever were reported from Key West Sunday and two deaths. This makes 177 cases to date. Word was received by the health board of one case at Port Tampa, twenty-two miles south of Tampa. An examination was made and the case was decided to be yellow fever. Three other cases are reported from there. Tampa is suspected, and it is being watched closely.

IN FEAR OF UNITED STATES.

South American Republics Dread a Northern Invasion.

BITTER FEELING STIRRED UP.

European Governments Credited with Fostering a Feeling of Distrust—Profoundly Suspicious Sentiment Is Developing in South America.

City of Mexico, Sept. 11.—Private advices received from Brazil show that the government there has been greatly influenced by the account regarding the alleged secret understanding between the Bolivian and the United States governments by which the latter power was to take over the territory of the upper Amazon claimed by Bolivia, a region rich in rubber. It is alleged in Rio de Janeiro that American naval officers have reconnoitered and roughly surveyed the region and sent their secret reports to Washington. It was first charged that Mr. Bryan, United States minister to Brazil, was a party to the agreement with Bolivia, but it is now said that the Bolivian secret agent, named Uthoff, made the agreement with the United States consul at Para.

There is some doubt about this, but such is the belief of the Brazilian newspapers and people, and the Argentine press has begun, instigated by European residents, to set up the cry that the colossus of the north is moving southward and intends to control and ultimately annex all South America. It is believed the Spanish and European governments generally have given their organs in Latin America the hint to publish articles designed to embitter South and Central America against the United States and its people and break up the growing sentiment in favor of pan-Americanism, which is greatly dreaded by European commercial interests so strongly entrenched in South America, where American interests have few newspaper champions and defenders.

There is a profoundly suspicious sentiment developing in Latin America regarding the designs of the United States, whose power is dreaded and whose administration is accused of cherishing imperialistic projects on this continent. The remarkable unanimity of the Mexican clerical sheets and the South American journals of all classes in dealing with this matter makes it clear that it is a prearranged campaign, with a view to exciting ill will against the Americans of the great republic of North America.

McGovern and Palmer Today.

New York, Sept. 11.—Everything is in readiness for the international championship match between "Pedlar" Palmer of England and Terry McGovern, to be decided at Tuckahoe this afternoon. McGovern did light road work at his quarters Sunday and when he came down to the city he weighed about 155½. Palmer's weight was 155½. In addition to the championship, McGovern and Palmer will fight for a purse of \$10,000 and a percentage of the picture receipts. The boxers are programmed to appear in the ring at 3 o'clock. McGovern is the favorite in the betting.

DEWEY STARTS FOR NEW YORK

Olympia Sails from Gibraltar—Admiral In Good Health.

Gibraltar, Sept. 11.—The United States cruiser Olympia, after remaining here six days, sailed Sunday for New York. The weather was fine when she took her departure and headed westward on the home stretch of her long voyage from Manila, from which port she sailed on May 20.

Admiral Dewey was apparently benefited by his stay here, and was in good health when he left.

Washington, Sept. 11.—The navy department knows nothing about Admiral Dewey's route across the Atlantic, as that is a matter wholly at his own discretion. His departure from Gibraltar is rather sooner than the department expected, as it was thought he would not start before the middle of the week. It is believed that the Olympia will stop at the Azores for coal. Officials who know Admiral Dewey say he should not be expected before Sept. 28, the date set as that upon which the Olympia should arrive.

MAY UNITE TEXTILE UNIONS.

Plan for a Labor Federation That Will Contain 500,000 Persons.

Boston, Mass., Sept. 11.—Twelve prominent labor men, delegates from the six big textile unions of this country, met here Sunday and formulated a plan for the federation of the several textile organizations, with the ostensible object of organizing 500,000 mill operatives. All signed the agreement recommending a general federation, which will be reported to the big unions. Those present were Thomas Connolly and James Tarsney, representing the National Carders' union; Matthew Hart and Albert Hibbert, National Federation of Textile Operatives; John McCarthy and Richard Shovelton, National Loom Fixers' association; Samuel Ross and Michael Duggan, National Association of Mule Spinners; Joseph G. Jackson and Jonathan Heels, National Slashers' association; and Peter Oulman and John Morrison, National Union of Textile Workers. The American Federation of Labor will be asked for a charter.

Mrs. Barnard Thanks MRS. PINKHAM FOR HEALTH.

LETTER TO MRS. PINKHAM NO. 18,924

"DEAR FRIEND—I feel it my duty to express my gratitude and thanks to you for what your medicine has done for me. I was very miserable and losing flesh very fast, had bladder trouble, fluttering pains about the heart and would get so dizzy and suffered with painful menstruation. I was reading in a paper about Lydia E. Pinkham's Vegetable Compound, so I wrote to you and after taking two bottles I felt like a new person. Your Vegetable Compound has entirely cured me and I cannot praise it enough."—Mrs. J. O. BARNARD, MILLTOWN, WASHINGTON CO., ME.

An Iowa Woman's Convincing Statement.

"I tried three doctors, and the last one said nothing but an operation would help me. My trouble was profuse flowing; sometimes I would think I would flow to death. I was so weak that the least work would tire me. Reading of so many being cured by your medicine, I made up my mind to write to you for advice, and I am so glad that I did. I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and followed your directions, and am now well and strong. I shall recommend your medicine to all, or it saved my life."—Miss A. P., Box 21 Abbott, Iowa.

T. J. ZIEGLER,

WINE OF CARDUI

A LITTLE DOES MUCH.

Boone, Iowa, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief! After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Ideal Milk Stands All Tests

The point brought up at a "Council" meeting some little time since, regarding the inspection of city milk, would, if enforced, find Ideal Aerated Jersey Milk ready for any test. It is cooled and bottled in the most approved manner, bottles are scalded and thoroughly rinsed and each bottle fitted with clean, new, wood pulp corks. It will keep well and is perfectly pure. When cream forms on milk and becomes stringy, it is impure. Ideal Milk forms perfect cream.

IDEAL DAIRY.
